laKendò Plastic Writing Tablet chair

The family of seating laKendo’ is designed to offer an adaptable system for multifunctional uses. The wide range of configuration gives the seat a natural versatility for working, community and learning spaces. The innovation in concept guarantees a high level of comfort and ergonomics parameters as well as an essential design that looks carefully to every single detail. The seats are both horizontally and vertically stackable for a rational use of space also in configurations with writing tablet and frame with castors. The option of upholstered seat and back adds extra comfort to the chair, whereas the mesh back acclaims the design. Epoxy-coated or chromed metal frame. Thermo-injected polypropylene seat and back with UV treatment. Flame retardant version available.

Awards:
