MULTI

Design Diemmebi R&D

La famiglia di sedute Multi rappresenta una soluzione ottimale per sale d'attesa e conferenza. Struttura in metallo cromato o verniciato con polveri epossidiche. Sedile e schienale in polipropilene termoiniettato. L'elemento imbottito può rivestire schienale e sedile o solamente quest'ultimo. Disponibile la versione autoestinguente.

The family of seating Multi represent a perfect solution for waiting and conference rooms. Chromed or epoxy painted metal frame. Injection moulded polypropylene seat and back. Back and/or seat can be padded. Flame retardant version available.
