

UPGRADE Design Alberto Basaglia Natalia Rota Nodari

Perfect form small armchair which harmonizes with any ambience, indoor or outdoor. When turned upside down, as if by magic, Upgrade becomes a three-step ladder with state-of-the-art proportions. A comfortable seat and a safe ladder at the same time, it has conveniently sized steps to bring everything, everywhere, within easy reach. Upgrade is made of 100% recyclable plastic, by the rotational moulding technology; it supports up to 130 kg.
