

.015 CUBE Design Alberto Basaglia Natalia Rota Nodari

Nothing should stop us from viewing the 015 Cube as the most versatile product in the entire collection. It can be used as a seat, side table or pouffe, always capable of surprising us and furnishing both outdoor and home living spaces. The bent pipes are surprisingly lightweight and strong, dispersing heat in the summer and without freezing over in the winter. For excellent performance all year round.

Ready-equipped for fastening to the ground with bolts or joined together using a steel plate.

Bent pipe structure, diameter 18mm, made of stainless steel or polyester powder coated steel tube and hot-dip galvanized steel.
